

Asian and Oceanian Women in Mathematics (AOWM)

Membership Application Form

Asian and Oceanian Women in Mathematics (AOWM) is a group that has been created with encouragement and support from the Committee for Women in Mathematics (CWM). The purpose of AOWM is

- to promote activities of all aspects of women in mathematics in Asia and Oceania,
- to foster international scientific communication among women within and across fields in mathematics,
- and to cooperate with other bodies having similar aims.

To apply for membership of Asian-Oceanian Women in Mathematics, please fill in this form and send it to the AOWM Coordinator in your country, together with

- Your CV
- A cover letter addressed to the AOWM Executive Committee, explaining why you would like to join AOWM.

Once the application has been received by the AOWM coordinator in your country, they will contact your nominator and review your application. Membership is temporary until it has been confirmed by an AOWM General Assembly.
